Assignment 01

1. --

Please proceed as outlined below. For further details, refer to the attached documents:

1. Make the BMP directory structure on your computer.
2. Install JetBrains DataGrip.
3. Download MySQL Docker image and run it.
4. Load the `airportdb` dump.
5. Run DataGrip and make a connection to `airportdb`.

2. --

1. In DataGrip, execute the following SQL statement.
2. Once you get the results back, capture the entire computer screen and save it as `screenshot.jpg` or `screenshot.png`.

```
USE airportdb;

SELECT
    *
FROM employee
;
```
